GROUP INSURANCE

Your employee benefits budget is usually one of your biggest operational expenses. Therefore, it is vital that you know exactly what you are paying for when partnering with a benefits broker.

We at Carillon Benefit Service do all the work of a broker, but go above and beyond. **Allow us to handle:**

- Benefit Plan selection & design
- Obtain proposals from all major vendors
- Assist with implementation, employee meetings, open enrollment, etc.
- On-going Administrative support throughout the year for things like new hires, terminations, coverage questions, billing, and COBRA.
- Assist with employee inquiries or issues
- Plan Renewal analysis, rate analysis, obtaining competitive alternative solutions if necessary

All of your employees should feel comfortable reaching out to us with even the most basic questions. We can provide professional advice on the marketplace, including marketplace trends and changes in the legislative framework that might affect benefits. We are knowledgeable in and can promote wellness programs and health initiatives that might work to reduce claims costs. We can help you reach your objectives, such as attracting and retaining the best employees through a tailor-made benefits plan.
